Subject: Communications Officer – Back on Duty

I am out of the hospital and back at home. No definitive cause for the low heart rate but my “reactor” checks out OK and I’m pretty much ready to answer all bells. Don’t be surprised to see me sporting a black “non-watch” dial on my other wrist at the Convention.

I am flattered, grateful and oh so thankful for the beautiful get well messages. I truly have so many good shipmates and friends. Thank you, from the bottom of my heart!
