Subject: Deadline for Dues and Contributions

We're in the final few days of the year when members can pay Base (and National) dues. After Dec.31, you'll officially be a "dink": and it'll cost you to be reinstated.

But even more important, for continued operation of the Base, we depend on tax-free contributions to Perch Base. These , which are by far the biggest "fuel" to keep the Base running,- are also needed at this time.

One check will do the trick! Have the check's amount include your Base- and National dues and a generous contribution. Just make it out to "Perch Base" and pop it in the mail to our Membership Chairman.

Don't forget!! Dues and/or a generous "TAX FREE" contribution to Perch Base right now!
